<b>Exceptions:</b>			
<b>Developer Notes:</b>			

<b>Use Case ID:</b>	UC-09
<b>Use Case Name:</b>	Remove user
<b>Description:</b>	admin can remove user from the system

<b>Actors:</b>	Admin		
<b>Pre-conditions:</b>	Admin is authenticated into system		
<b>Post-conditions:</b>	User is removed from the system.		
<b>Frequency of Use:</b>	Rarely.		
<b>Flow of Events:</b>		<b>Actor Action</b>	<b>System Response</b>
	<b>1</b>	Admin selects view user option in UI.	System retrieves information of user.
	<b>2</b>	Admin selects remove user option.	System removes user from the system
<b>Variations:</b>			
<b>Issues:</b>			
<b>Developer Notes:</b>			

<b>Use Case ID:</b>	UC-010
<b>Use Case Name:</b>	View flagged products list
<b>Description:</b>	admin can view flagged products list.

<b>Actors:</b>	Admin		
<b>Pre-conditions:</b>	Admin is authenticated into system		
<b>Post-conditions:</b>	Admin can view all the flagged products list.		
<b>Frequency of Use:</b>	frequently.		
<b>Flow of Events:</b>		<b>Actor Action</b>	<b>System Response</b>
	1	Admin selects view flagged items list option in UI.	System retrieves information of all flagged items.
	2		UI displays all the flagged items.
<b>Variations:</b>			
<b>Exceptions:</b>			
<b>Developer Notes:</b>			

<b>Use Case ID:</b>	UC-011
<b>Use Case Name:</b>	View flagged product
<b>Description:</b>	admin can view flagged product details.

<b>Actors:</b>	Admin		
<b>Pre-conditions:</b>	Admin is authenticated into system and selected view flagged products list.		
<b>Post-conditions:</b>	Admin can view details of flagged item		
<b>Frequency of Use:</b>	Frequently.		
<b>Flow of Events:</b>		<b>Actor Action</b>	<b>System Response</b>
	1	Admin selects product from flagged items list.	System retrieves information of the flagged product.
	2		Flagged item details are displayed
<b>Variations:</b>			
<b>Exceptions:</b>			
<b>Developer Notes:</b>			

<b>Use Case ID:</b>	UC-012
<b>Use Case Name:</b>	Remove flagged item.
<b>Description:</b>	Admin will view product and decides to remove product if it has offensive content

<b>Actors:</b>	Admin		
<b>Pre-conditions:</b>	Admin is authenticated into system and selected view flagged product from a list of all flagged products.		
<b>Post-conditions:</b>	Flagged item is removed from the system		
<b>Frequency of Use:</b>	rarely.		
<b>Flow of Events:</b>		<b>Actor Action</b>	<b>System Response</b>
	<b>1</b>	Admin examines the product.	
	<b>2</b>	Admin selects remove option of the item.	System removes item from the database.
<b>Variations:</b>	2. Admin can delete flag instead of product.		
<b>Exceptions:</b>			
<b>Developer Notes:</b>			

<b>Use Case ID:</b>	UC-013
<b>Use Case Name:</b>	Remove flag.
<b>Description:</b>	Add can remove flag of product.

<b>Actors:</b>	Admin	
<b>Pre-conditions:</b>	Admin is authenticated into system and selected view flagged product details.	
<b>Post-conditions:</b>	Flag of the product is removed from the product.	
<b>Frequency of Use:</b>	rarely.

<b>Frequency of Use:</b>	Reasonably Frequently		
<b>Flow of Events:</b>	S.No	Actor Action	System Response
	1)	Select to view list of products	Retrieves list of freely shared products or inventory products available for purchase.
	2)	Select to view a free shared product	Retrieves product details
			File attached to the freely shared item gets opened.
<b>Variations:</b>	2)Select to view an inventory product.		
<b>Notes and Exceptions:</b>			
<b>Developer Notes:</b>			

<b>Use Case ID:</b>	UC-016
<b>Use Case Name:</b>	View Products List
<b>Description:</b>	Allows the customer to view a list of products

<b>Actors:</b>	Customers		
<b>Pre-conditions:</b>	The product should either be a free shared product or inventory product available for purchase.		
<b>Post-conditions:</b>	User will be displayed a list of products.		
<b>Frequency of Use:</b>	Reasonably Frequently		
<b>Flow of Events:</b>	S.No	Actor Action	System Response
	1)	Select to view list of products in UI.	Retrieves list of freely shared products or inventory products available for purchase.
<b>Variations:</b>			
<b>Notes and Exceptions:</b>			
<b>Developer Notes:</b>			

<b>Use Case ID:</b>	UC-017
<b>Use Case Name:</b>	Flag Product
<b>Description:</b>	Allows the customer to flag a product.

<b>Actors:</b>	Customers		
<b>Pre-conditions:</b>	The product being flagged can either be a free shared product or an inventory product which has not been purchased yet by other users in the platform i.e. it should be available for purchase.		
<b>Post-conditions:</b>	The product gets added to the list of flagged products which the Admin later reviews and decides on whether to remove the flagged product or remove the flag on the product..		
<b>Frequency of Use:</b>	Reasonably frequently since the customers are prone to add spam or involve in uploading offensive content.		
<b>Flow of Events:</b>	S.No	Actor Action	System Response
	1)	Select to view list of products.	Retrieve list of shared products and inventory products available for purchase.
	2)	Select one of the product in the list of products.	Returns details of the product.
	3)	The customer finds the product to be offensive or to be spam and flags it.	Add the product to list of flagged products which the admin would later review.
<b>Variations:</b>			
<b>Notes and Exceptions:</b>			
<b>Developer Notes:</b>			

## Activity Diagrams

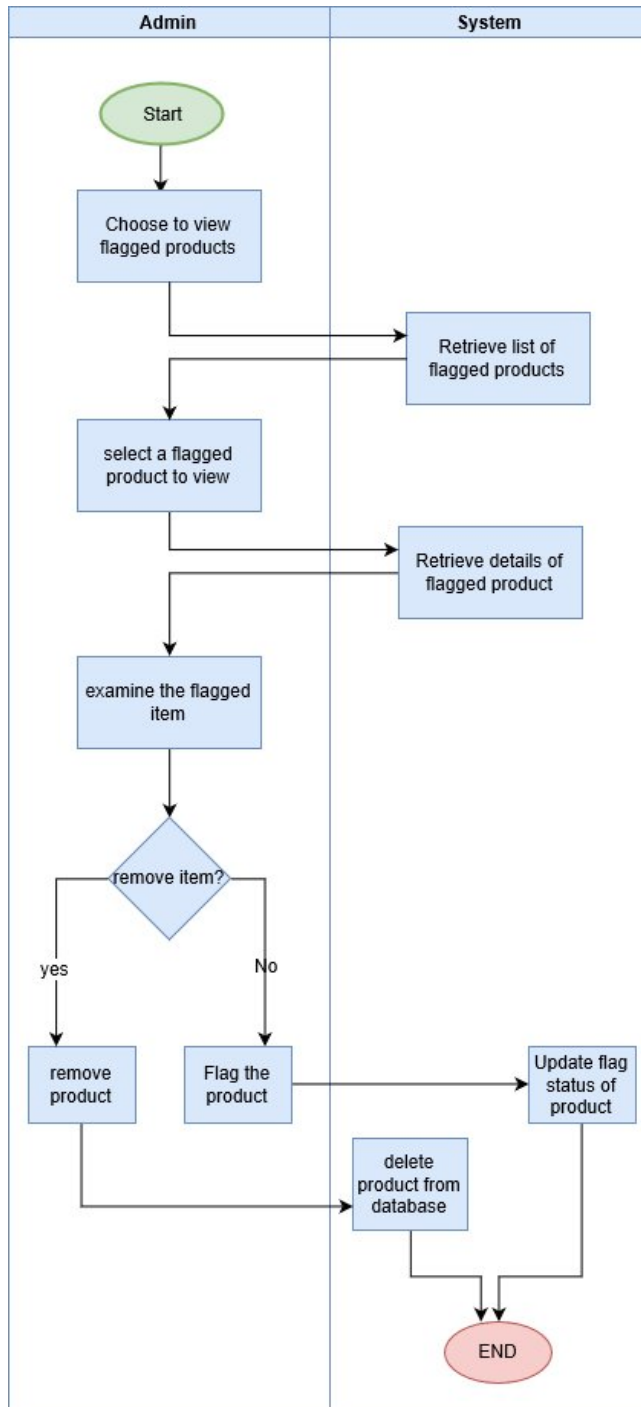

### Take action on flagged product:

**Requirement ID:** UR013

**Use Case Id:** UC10, UC11, UC12, UC13

**Description:** For a flagged or reported item, admin would examine and decide on the flag. Admin can either delete the product or remove the flag.

**Implemented by:** Sai Raghavendra Sankrantipati

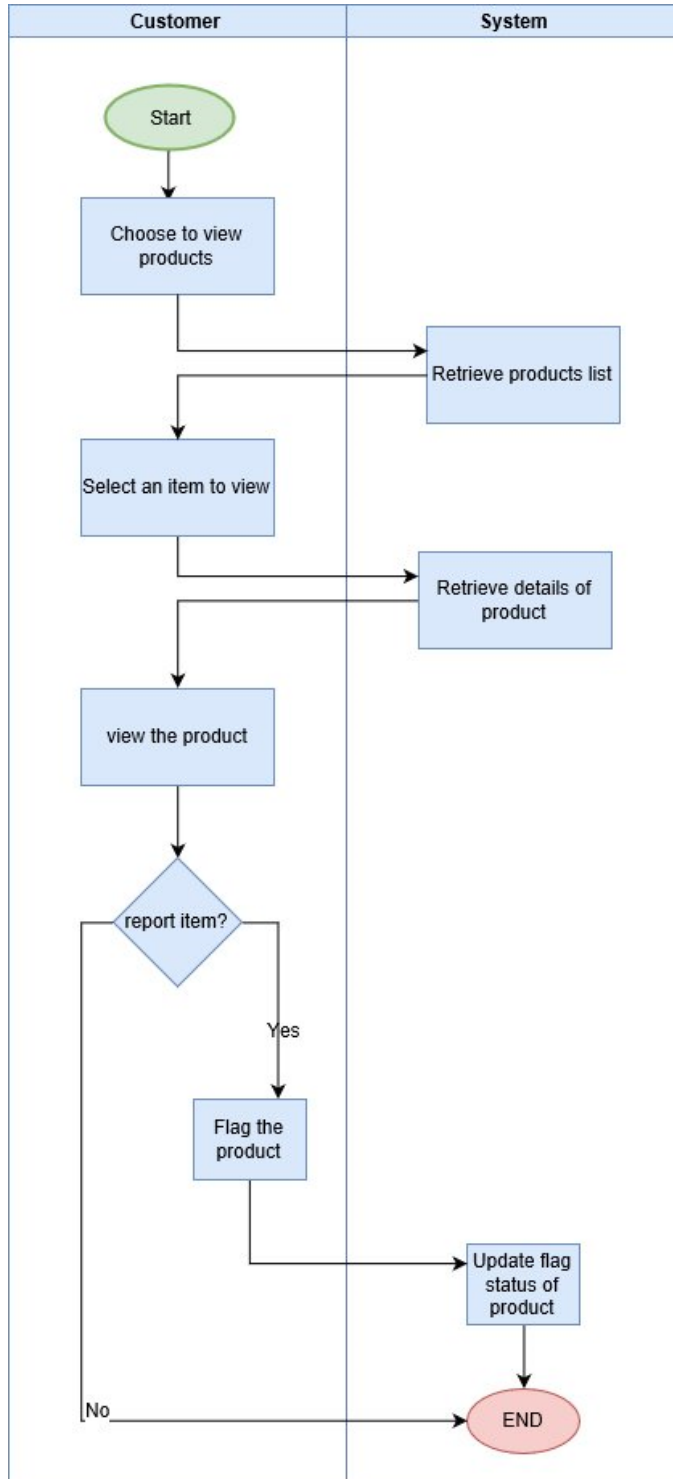

### **Report or flag a product:**

**Requirement ID:** UR007

**Use Case Id:** UC15, UC16, UC17

**Description:** While viewing a product, customer can report it by flagging the product. For example, if a product for sale, has no price on it.

**Implemented by:** Sai Raghavendra Sankrantipati

## Sequence Diagrams

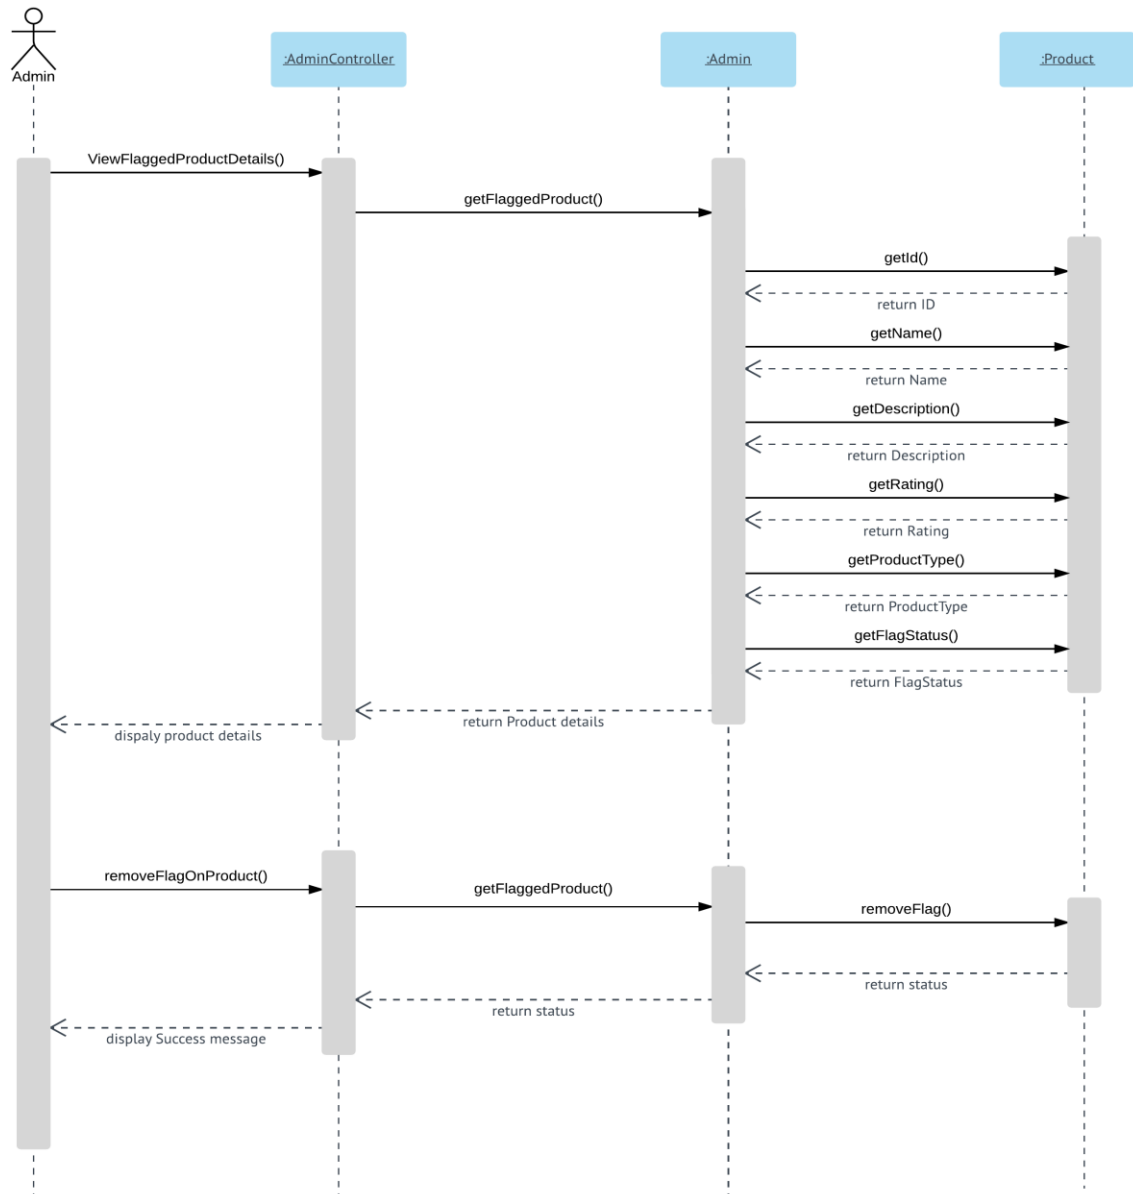

### Remove flag on flagged product:

**Requirement ID:** UR013

**Use Case Id:** UC11, UC12

**Description:** For a flagged or reported item, admin would examine and decide on the flag. Admin can either delete the product or remove the flag. This sequence diagram is for removing flag.

**Implemented by:** Sai Raghavendra Sankrantipati

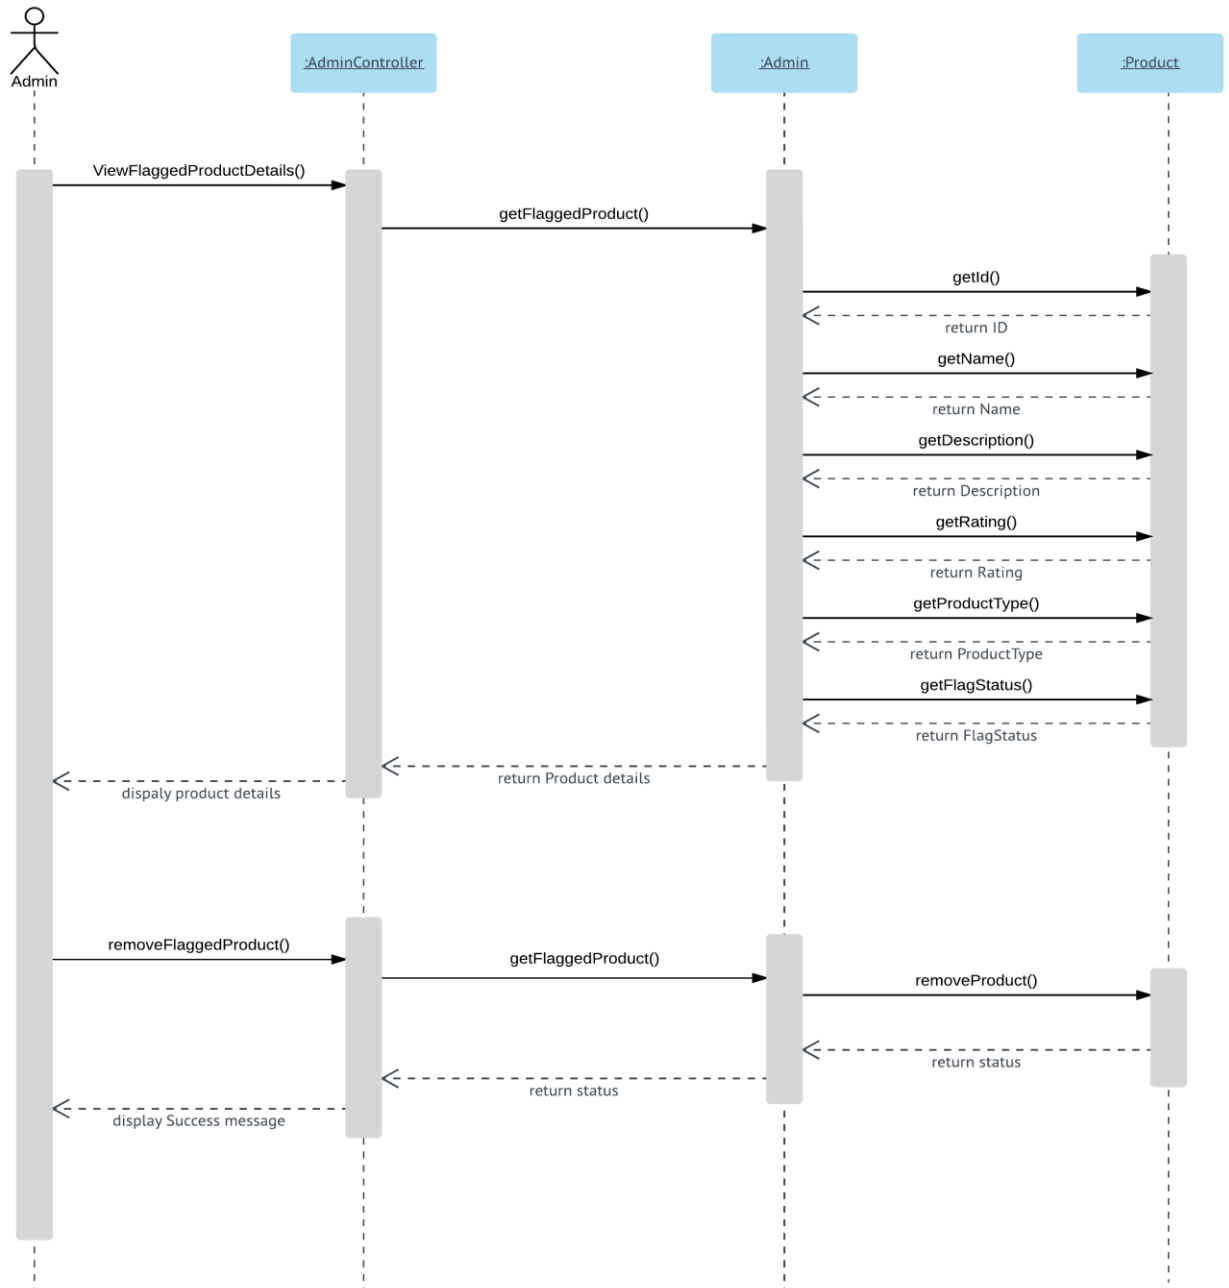

## Remove flagged product:

**Requirement ID:** UR013

**Use Case Id:** UC11, UC13

**Description:** For a flagged or reported item, admin would examine and decide on the flag. Admin can either delete the product or remove the flag. This sequence diagram is for removing flagged product.

**Implemented by:** Sai Raghavendra Sankrantipati

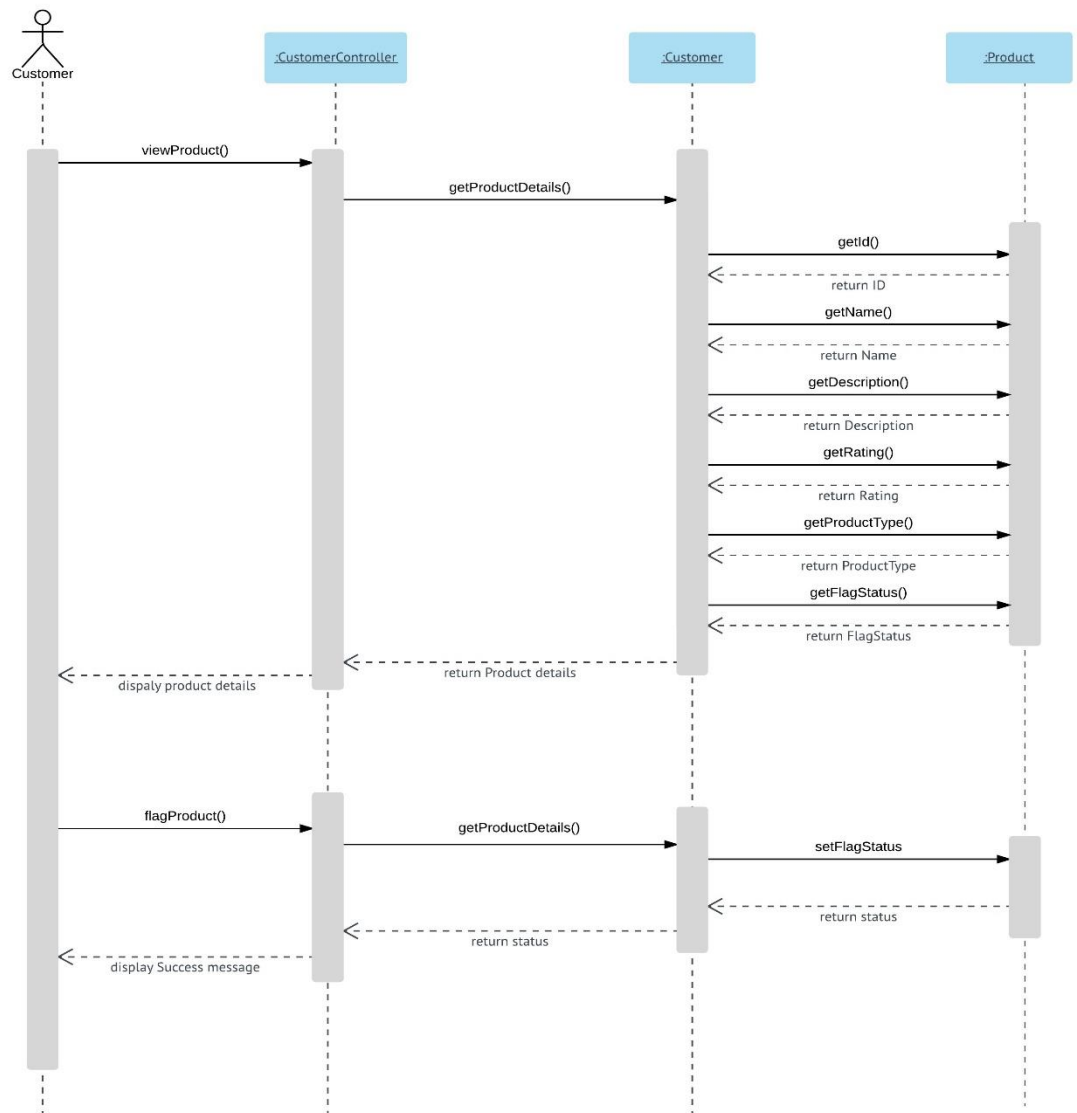

## **Report a product using flag:**

**Requirement ID:** UR007

**Use Case Id:** UC15, UC17

**Description:** While viewing a product, customer can report it by flagging the product.

**Implemented by:** Sai Raghavendra Sankrantipati

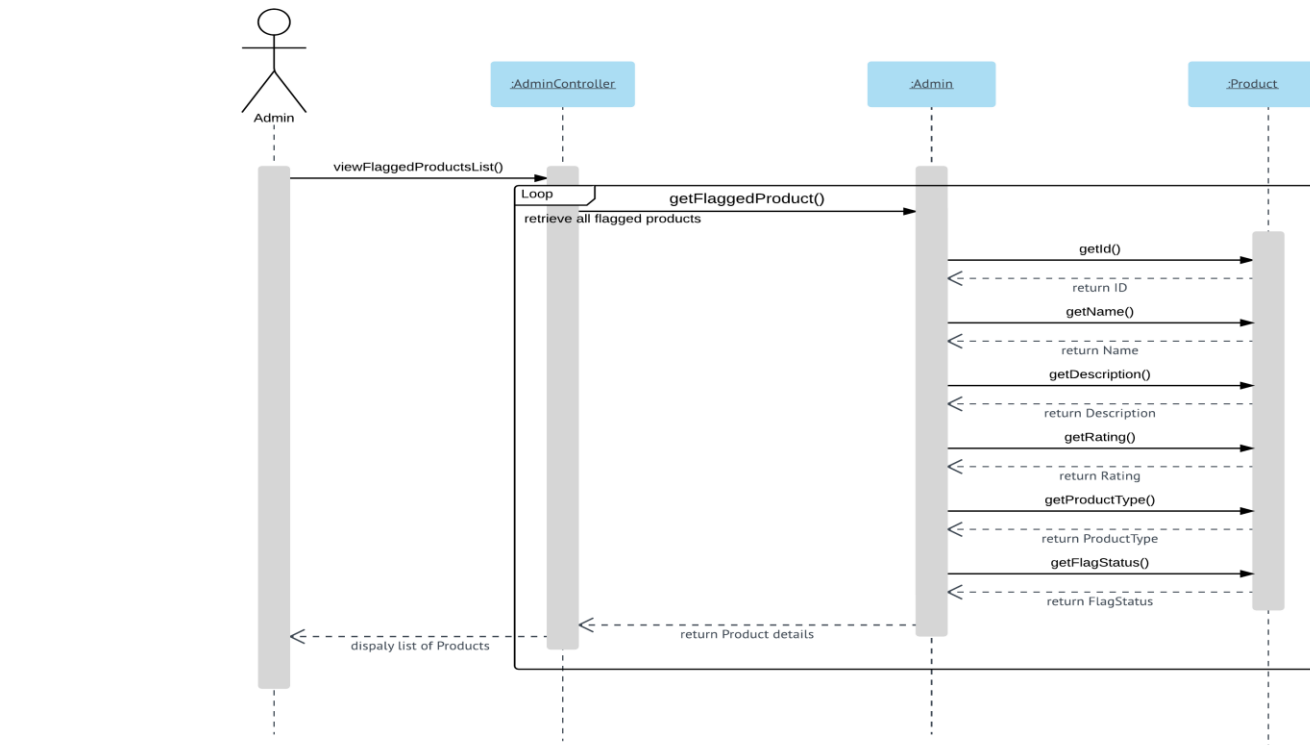

## Create a list of flagged Products:

**Requirement ID:** UR007

**Use Case Id:** UC10, UC11

**Short Description:** This is a part of User requirement. This sequence diagram explains how a list of flagged products is created.

**Implemented by:** Sai Raghavendra Sankrantipati

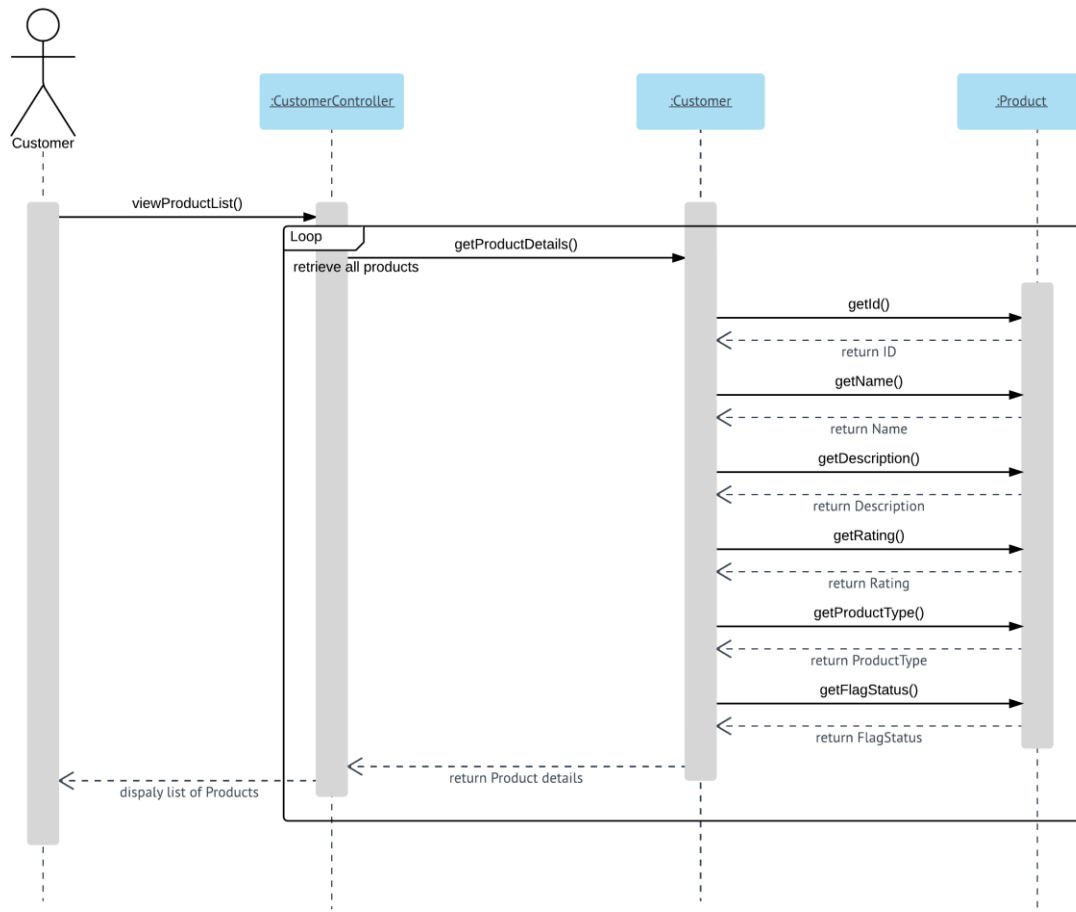

## **Create a list of Products:**

**Requirement ID:** UR004

**Use Case Id:** UC 15, UC16

**Description:** This is a part of User requirement. This sequence diagram explains how a list of products is created and viewed.

**Implemented by:** Sai Raghavendra Sankrantipati
